Mobile Marketing: How to get results in less than 24 hours.

Learn how a Las Vegas casino creates successful campaigns from concept to green backs in just a few hours time and engages the typically non-techie Baby Boomers along with the broader 30+ crowd via mobile devices.

EdgeRank vs PageRank: Increasing Your Visibility on Facebook

Brands that aren't adopting methods to increase EdgeRank are getting shut out of the News Feed, while those creating engagement benefit from more sharing and e-commerce. It's been said that likes are the new links - that the signals of friends are akin to links between web pages. I will demonstrate how social influences search results and vice-versa. You'll walk away with an actionable checklist that you can bring back to your social team, plus ways to measure the impact of these changes.

Increasing Website Traffic with Local - Social - Mobile Integration

Learn how a Las Vegas casino doubled its local search traffic, doubled its mobile search traffic and had a overall 25% search engine referred traffic increase almost overnight - when search engines started weighing social media content - and has maintained a steady growth ever since.
