

Bryan Haralovich

CPA, CA, CPA (Illinois) at Welch LLP

Ottawa, ON, CA

Providing financial services to entrepreneurs from both private and public companies.

Bryan Haralovich joined Welch in 2011 after supporting clients as a partner with a global firm. With over 20 years in public accounting, Bryan is specializing in audit, taxation, risk management, and business advisory services. He has a passion for supporting entrepreneurs and owner-managed businesses by leveraging his extensive experience in the accounting industry both in Canada and in the U.S.

Bryan leads Welch's Technology Services group. He has served technology companies from start-up to successful exit, including support with public and private financing. The majority of Bryan's clients have had a global footprint and the experience he gained in that sector allows him to support entrepreneurs in managing issues arising from doing business abroad.

Bryan has experience providing audit, accounting and advisory services. He has worked extensively with both public and private companies in various knowledge-based industries. He has assisted local companies with the raising of capital and mergers and acquisitions, working with several companies from start-up to successful exit. Bryan has assisted publicly-traded technology companies and emerging businesses working with both Canadian and U.S. accounting standards and securities rules and regulations.

Bryan has been a strong supporter of the Ottawa community including his involvement as a Board member with the organizing committee that brought the 2000 Special Olympic Games to Ottawa. He is currently a Board member and the Chair of the Audit and Finance committees for both the National Capital YMCA and the Ottawa Centre for Regional Innovation (OCRI). Bryan's personal interests revolve around his family and active living.

The event was an opportunity to discuss innovation and tax reform and Welch was honoured to have Bryan involved in this important conversation looking into the future of economic growth in Canada.

Mark Scott

Welch is much larger (260+ professionals) than most regional accounting firms, part of BKR International which has member firms all over the globe, and the partner (Bryan Haralovich) is one of the best technology auditors in the business. They actually teach other firms for the CICA/CPA Canada and their technology tax group is phenomenal as well. From a customer service perspective, nobody compares to Welch and they are very reasonable on fees.

Antoine Paquin

We have been very impressed with Bryan Haralovich and the entire Welch team. They are always responsive and the tax group has been extremely effective – including helping us through the SR&ED claim process. We were previously with a Big 4 accounting firm and both my VP Finance and I are very happy that we made the switch to Welch last year.

John Chapman

As a publicly listed technology company, it's especially important that we have an excellent relationship with our accounting firm and receive outstanding service – and we do. We have had excellent communication from the team at Welch. They follow up with us, always return our calls and most importantly, they talk about potential issues ahead of time so when these issues arise, they are much easier to deal with and there are no surprises.

Martin Lyster

“Bryan is exactly the type of guy you want in your corner when growing your business. Bryan's advice over the past year has directly enabled several growth initiatives to happen here at MediaMiser.”

Gord Wyse

“As the CFO of many High Tech Start-Ups over the past decade I have had the privilege of hiring Brian as the Audit Partner to provide Audit and Tax services. Brian is a trusted advisor and I wouldn't hesitate to recommend or hire him in the future.”

Rob Thomas, BBA, MBA, CGA

“Since meeting Bryan in January 2011 and working closely with him in his capacity as Finance and Audit Committee Chairs of the NCR YMCA-YWCA, I have developed a deep respect in and encouragement from his insight and guidance. His experience, expertise, sense of urgency and passion for the Y are not only commendable but a great source of direction and motivation.”
