

Celine Moore, PhD

Director, Data Linkage and Research at Canadian Partnership Against Cancer

Toronto, ON, CA

Leads the Canadian Partnership for Tomorrow Project, Canada's largest health database involving more than 300,000 participants

Description

Dr. Celine Moore is the Director of Data Linkage and Research at the Canadian Partnership Against Cancer.

Dr. Moore is also director of the Canadian Partnership for Tomorrow Project (CPTP) at the Canadian Partnership Against Cancer. In this role she provides leadership and management to the national coordination of CPTP.

Dr. Moore has 20 years of experience working in the biotechnology sector. Most recently, she was Chief Operating Officer and Vice President of Legal Affairs at Viventia Biotechnologies, Inc., a biopharmaceutical company specializing in the discovery and development of products that support safer cancer therapies. In that capacity, she was responsible for clinical and regulatory affairs, as well as: finance, intellectual property, contracts, licensing, administrative support, communications and information technology. Prior to this, she held management positions first in research and development and subsequently in intellectual property in the field of blood substitutes.

Dr. Moore holds a PhD in Endocrinology, Cell Biology and Immunology from Dalhousie University and did her Postdoctoral research at Texas Tech University. She also holds a Master's of Science in reproductive endocrinology from McGill University.
