Biography

Cheryl Lynn, founder of Cheryl Lynn International, Hamilton, Ontario Canada

My love for entrepreneurship began at an early age and never faltered. Beginning my entrepreneurship way back in the late 80's, when brick and mortar businesses were thriving, I owned many businesses in the service marketing for a variety of payroll, accounting, cleaning franchisee and spa services before founding Cheryl Lynn International in 2009.

I bring a well-seasoned and unique style to entrepreneurs now specializing in full-service custom support to my clients through Mobile and Local Internet Marketing strategies and tactics helping them blend offline and online marketing to gain domination in their local communities, increased client base and revenues.

I am a people person with a big heart, I enjoy working with entrepreneurs of small to medium size companies since I understand their needs, teams and discovering where their business marketing needs exist. I'm always eager to grow their client base and revenues and work hard for them in this arena so they don't have to.

As a specialist in the Mobile and Local Internet Marketing arena I see my number one objective is to help communicate my client's business through Mobile, Local and Social marketing mediums. Through Cheryl Lynn International, I help mobilize my team to achieve measurable results for my clients, ultimately building my clients to be the world class leader in their community and their niche. I offer my clients, my pledge to be the "Trusted" leader for them in servicing their online needs. We work IN their business while they work ON their business.

Cheryl is a constant student and enjoys learning to improve her abilities and skills for her clients. Over the past 4 years she has been studying the Mobile Marketing and Local Internet Marketing strategies and tactics in an effort to help local entrepreneurs reach #1 status within their community while building a strong client base, increasing revenue and driving foot traffic to their front doors.

I am a person willing to help those in need. A person who will find solutions to all problems people face in network marketing. If I don't know an answer I will find someone who does to give value to everyone seeking my help.
