

Dave Pearson

Research Director and Team Lead, Infrastructure at International Data Corporation (IDC)

Toronto, ON, CA

Research Director and Team Lead for IDC Canada's Infrastructure Solutions Research Group

Biography

As Research Director and Team Lead for IDC Canada's Infrastructure Solutions Research Group, Dave Pearson manages our Canadian Infrastructure and Platform as a Service program as well IDC Canada's Enterprise Storage and Networking research.

Dave Pearson joined IDC Canada with over a decade of international experience in IT, from sourcing and selection to project management. Dave began his career with Veritas (Japan) and enjoyed stints in Austria and the US with incubator Blue C GmbH. Prior to joining IDC, he provided consulting services to SMBs and healthcare institutions across southwestern Ontario in the areas of infrastructure development, business continuity and data management.
