Sample Talks

Leveraging the Community to Expedite Job and Wealth Creation

This presentation and workshop focused on the importance of place in supporting and driving the growth of entrepreneurial communities and commercial outcomes from research and academic institutions. In this interactive session, we explored how place, company culture and values, and community engagement are integral components to get aligned and integrated to be maximize success.

Why is Innovation So Profitable? Because it's Hard to Do!

This keynote presentation at the OIPMAC Conference focused on creative strategies that companies can deploy to create a culture of innovation and intra-preneurship. A handful of examples were provided to demonstrate new models in collaboration and how technology can be leveraged as a platform to share ideas more quickly, engage a broader audience, and ultimately expedite the process to translate interesting ideas into practice while gathering continuous feedback to make incremental improvements.

Community Innovation - Leveraging your Regional Assets to Drive Economic Growth

As the keynote speaker, this presentation highlighted the importance of understanding and engaging your regional assets, from both the public and private sectors, to drive regional competitiveness and economic growth.

Driving Commercial Outcomes from Research and Academic Institutions

As the keynote speaker, this presentation focused on new strategies and innovative models to address the cultural challenges and limited incentive mechanisms that often limit researchers motivation to translate their basic and applied research into commercial opportunities. The development of MaRS Innovation, the MaRS EXCITE program, and the MaRS Life Sciences and Healthcare practice were collectively examined as leading practices globally.

Accomplishments

Governor General of Canada's Young Innovator Award

The Young Innovator Awards Program was established by the National Centres of Excellence in 2004 to celebrate outstanding work by scientists who, while still in the early days of their careers, are already making waves. Award recipients are selected by a panel of judges on the basis of the overall excellence, leadership and vision of the nominee.

Testimonials

Don Li

Don Duval spoke at our Cultivating and Sustaining Your Creative Economy Summit that took place on Feb 28-29 in Toronto. His presentation was insightful, lively, and clearly delivered. Don's depth of industry knowledge provided extensive value to the conference and directly contributed to the success of the event.
