Gabe is one of the best speakers and entertainers Iâ€™ve seen on stage â€“ ever. The way he makes audiences crack up in laughter, whilst providing such insightful knowledge, makes his speaking appearances truly unique!

LoÃƒc Le Meur

Gabe is a secret weapon for event organizers. Iâ€™ve had him speak twice at Le Web. He has big impact. The crowd is always entertained, energized & enlightened.

onetoone.de

"The audience resonated particularly well with the lecture by Gabe McIntyre about game design. He explained with an interactive presentation elements such as how emotional learning about games can work in marketing. "For the first time it has been a good experience," said Laura Sadau and Keith Wischermann, student of the Hamburg Brand Academy. Gabe McIntyre's lecture was "exotic and something else" excerpt from article on onetoone.de

Rupert SchÃƒfer

Gabe Mac is an amazing fantastic speaker that will elevate your event to heights of unknown awesomeness.

Graham Brown-Martin

Gabe Mac is without question one of the finest speakers that I have had the opportunity to work with. Energetic, concise and engaging are just three words I would use to describe his delivery as he takes his audience on what feels like an adventure.
