

Hyacinth Vedage

Assistant Professor, Department of Chemical and Physical Sciences at Cedar Crest College
Allentown, PA, US

Hyacinth Vedage, Ph.D. is an analytical chemist whose research interests are in the electrochemistry area.

Hyacinth Vedage, Ph.D., is an analytical chemist whose research interests are in the electrochemistry area with special interests in inhibitor development and organic coatings to prevent corrosion. After graduating from Lehigh University she worked as a Research Scientist for ten years working on electrochemical methods to study failure mechanisms of metals due to corrosion and developing inorganic/organic coatings to reduce metal loss. Before joining the Cedar Crest faculty she taught as an adjunct professor at Lafayette College and Northampton Community College for several years. Presently she teaches the introductory chemistry course for nursing majors and Analytical Chemistry for chemistry majors.

Education/Learning, Research

Nursing Chemistry, Analytical Chemistry, Electrochemistry, Physical Chemistry

Lehigh University
Ph.D. Chemistry

Lehigh University
M.S. Chemistry
