Vistage

Sample Talks

enterprise, mobile and the cloud

Smartphones are the computing platform of the next 20 years (IDC), and as cloud services grow in popularity business need to know how to leverage these to stay competitive.

Education

Carleton University

bachelors Computer Science

Accomplishments

Built a world class Software development team of nearly 100 in 6 months

Joined Eftia in 2001 and created a new division to customize the software product they had built and structured, incented and grew a world class software team (from around the world) in 6 months. From only a base team of 10. More importantly customer SAT went from very low to satisfied or above for each client moved over to my team, which was eventually every customer.
