

# **Jayashankar Swaminathan**

**GlaxoSmithKline Distinguished Professor of Operations, UNC Kenan-Flagler Business School at UNC-Chapel Hill**

Chapel Hill, NC, US

Jay Swaminathan is an internationally recognized thought leader in innovations in global operations and supply chain management.

---

Jayashankar Swaminathan is an internationally recognized thought leader in innovations and productivity improvements related to global operations and supply chain management.

His areas of expertise include global health operations, supply chain management, global execution models, emerging markets, retailing, sustainable enterprise, operations management and e-commerce. He teaches courses in global operations, global supply chain strategy and management, and doing business in India.

Dr. Swaminathan has published dozens of articles in leading academic journals and is author of " Indian Economic Superpower: Fiction or Future?"

He has consulted with a number of firms, including AGCO, Agilent, CEMEX, Cisco, IBM, Kaiser, McKinsey, Nokia, Public Health Institute, Railinc, Samsung, Sara Lee, Schaeffler Group, TVS Motors, UNICEF and the U.S. Navy. His work with UNICEF led to major changes in the global supply chain planning and execution for Plumpy'Nut (RUTF) into Africa. His work to configure-to-order assembly using vanilla boxes impacted the electronics industry in the 1990s.
