

# **Jennifer Applebaum**

**Assistant Professor at University of Florida**

Gainesville, FL, US

Jennifer Applebaum is an expert on pet ownership and the resulting health and well-being/welfare implications of the human-pet dyad.

---

## **Biography**

Jennifer Applebaum is an assistant professor in the Department of Environmental and Global Health at UF's College of Public Health and Health Professions. Her research takes a social scientific approach to the One Health framework (which states that human, animal, and environmental health are inherently linked) by considering how social and ecological factors impact human-pet relationships, which trickles down to the health and well-being/welfare of humans and pets in multispecies family units.

---

## **Areas of Expertise**

Companion Animals, One Health, Pet Ownership, Pets, Pet Owners, Animal Welfare, One Welfare
