

# **Jerome Hajjar, Ph.D.**

**CDM Smith Professor and Chair, Civil and Environmental Engineering, Northeastern University at  
Faculty Affiliate, Global Resilience Institute**

Boston, MA, US

Professor Hajjar focuses on design, analysis, testing, and innovation of structures and infrastructure systems in the built environment.

---

## **Areas of Expertise**

Steel and Composite Steel/Concrete Building and Bridge Structures, Regional Modeling and Assessment of Infrastructure Systems, Design and Engineering, Earthquake Engineering

---

## **Affiliations**

American Concrete Institute, American Institute of Steel Construction, American Society of Civil Engineers Structural Engineering Institute, Architectural Institute of Japan, Association for International Cooperation and Research in Steel-Concrete Composite Structures

---

## **Education**

**Cornell University**

Ph. D. Structural Engineering

**Cornell University**

M.S. Structural Engineering

**Yale University**

B.S. Engineering Mechanics
