

Mark Greenhouse

Lean Management Coach + Process Improver at Levantar

York, , GB

Applying Productivity and Lean Management techniques in Manufacturing, Legal, & Service companies.

Biography

Mark has run a Productivity improvement training and consulting firm since 2005.

He is an Associate Lecturer at Leeds University Business School (LUBS). Where he delivers presentations on productivity and Lean Management for those students interested in Operations Management.

Gaining a Masters Degree in Manufacturing Engineering & Management in 1993, Mark has introduced Lean Management and Six Sigma techniques, to clients in many sectors (manufacturing, retail, finance, banking, service), helping them to identify opportunities, solve their unique problems & start continuous improvement.

Recently Mark has moved his consulting company Levantar to address the application of Lean Management & Lean Office techniques in Law Firms. He's presented several one day workshops and run process improvement programmes for law firms of varying sizes. He's also written several articles on Lean in Legal.

Mark appears in the "Business Advantage" DVD & Workbook published by Cambridge University Press, with content on Lean Management.

Mark hails from Liverpool, though these days calls York home. He's married with 3 boys all under 5 and in his little spare time follows Everton and horse racing.
