

Paul Grundy, MD

Expert Lead, Pediatric, Adolescent and Young Adult Oncology at Canadian Partnership Against Cancer
Edmonton, AB, CA

Dr. Paul Grundy is a Professor of Pediatrics and Oncology in the Department of Pediatrics at the University of Alberta

Biography

Dr. Paul Grundy joined the Partnership as Expert Lead, Pediatric, Adolescent and Young Adult Oncology in 2016.

Dr. Grundy has been on the faculty of the Department of Pediatrics at the University of Alberta since 1988 and is currently a Professor of Pediatrics and Oncology.

Previously, Dr. Grundy was Senior Vice-President and Senior Medical Director with CancerControl Alberta, a division of Alberta Health Services. He has been a pediatric oncologist in Edmonton for over 20 years, and was Director of Pediatric Hematology and Oncology at the University of Alberta from 1999-2010. He was a founding member of C17, a national network of childhood cancer centres across Canada, and served as the first Director of the C17 Research Committee. He subsequently served as the network's chair from 2006-2011.

Dr. Grundy's research focus has been on Wilms' tumour of the kidney, a common childhood cancer,. His work on this type of cancer spans the spectrum from basic molecular biology to translational research and clinical trials. A legacy of his research program is the childhood renal tumours tissue bank which harbors a variety of specimens from over 6,000 patients and is available to researchers worldwide. He has served as the Chair of the National Wilms' Tumour Study Group and as Chair of the Children's Oncology Group Renal Tumours Committee.

Dr. Grundy received his medical degree from the University of Alberta and did post-graduate training in Edmonton and New Zealand. He also completed a fellowship in pediatric hematology oncology at the Children's Hospital of Philadelphia.
