

Prof. Suzanne Martin

Professor of Occupational Therapy at University of Ulster

Belfast, , IE

Professor Martin's research focus is on new and emerging technologies within Health and Social Care.

Biography

Suzanne Martine is Professor of Occupational Therapy at the University of Ulster. She is an Occupational Therapist by profession with 15 years clinical experience prior to moving to the University. Her research focus is on new and emerging technologies within Health and Social Care. Suzanne is Chair of the Research and Development Board of the College of Occupational Therapists and is also currently a Council member. In addition, Suzanne is a member of the Office of Research Ethics Committee Northern Ireland (ORECNI) and a trainer and contributor to the Cochrane library.

Suzanne has successfully led a range of EU and Nationally funded research projects to develop new devices and services to support people living with a disability at home. Currently she is focusing on Brain Neural Computer Interfaces (BNCI) and outcome measurement tools for electronic assistive technologies. She also leads on the Health Sciences contribution to the Translational Research and Innovation living (TRAIL) lab living lab and currently leads on Connected Health theme for the Institute of Nursing and Health Research.
