

Rami Rahal

Executive Director, Cancer Control at Canadian Partnership Against Cancer

Toronto, ON, CA

Rami Rahal leads national reporting on cancer system performance indicators

Biography

Rami Rahal is the Executive Director, Cancer Control at the Canadian Partnership Against Cancer. He leads the team that is responsible for researching, developing, analyzing and reporting on a broad range of system performance indicators and the production of a series of national reports and studies.

Mr. Rahal has more than 20 years of experience helping healthcare organizations and governments make informed decisions in management, policy, and planning. He combines expertise in healthcare management information and evidence-based decision support with a broad knowledge of the Canadian healthcare system.

He has authored several articles on the topic of cancer system performance measurement and has presented at a number of international conferences. He has also led a number of workshops and courses on system performance measurement and evidence based policy at both the national and international levels.

Mr. Rahal holds a Bachelor of Science in Molecular Biology and Genetics from the University of Toronto, and a Master of Business Administration in Health Services Management from McMaster University.
