

Robert Mayanovic

Assistant Department Head, Physics, Astronomy and Materials Science Department at Missouri State University

Springfield, MO, US

Dr. Mayanovic's research focuses on synchrotron X-ray studies of condensed matter.

Biography

Physicist Dr. Robert Mayanovic is assistant department head and professor in the Physics, Astronomy and Materials Science Department at Missouri State University. His research interests include: synchrotron X-ray studies of condensed matter, materials in supercritical fluids, high pressure-temperature studies and mineral physics.

Industry Expertise

Education/Learning, Research

Areas of Expertise

Nanoscale materials, Materials in supercritical fluids, Synchrotron X-ray studies of condensed matter, High pressure-temperature studies, Mineral physics

Education

Purdue University

Ph.D. Physics

Accomplishments

Who's Who in Science and Engineering

2004

Foundation Research Award

Missouri State University

2001

Hawley Medal

Mineralogical Association of Canada

1999
