

# **Rupert Croft**

**Professor at Carnegie Mellon University**

Pittsburgh, PA, US

Rupert Croft's research includes the structure of the universe, galaxy formation, and the measurement of cosmological parameters.

---

## **Biography**

Rupert Croft is a professor in the Physics Department at Carnegie Mellon University. His research interests include the large-scale structure of the universe, galaxy formation, and the measurement of cosmological parameters. Croft has a DPhil from Oxford University.

---

## **Areas of Expertise**

Physical Chemistry (incl. Structural), Organic Chemistry, Astronomical and Space Sciences, Atomic, Molecular, Nuclear, Particle and Plasma Physics, Quantum Physics

---

## **Education**

**Oxford University**

Ph.D. Astrophysics

**Imperial College**

B.Sc. Physics
