Sample Talks

Academe and Industry Partnership in Customs Administration Studies in the Philippines

This is a talk about the importance of promoting partnership between the academe and industry practitioners in promoting and enhancing teaching and research of customs administration in the Philippines educational institutions.

Leadership and Capability Skills in the Conduct of Profession

This session will provide the basis on how Customs practitioners, both in the government and private sector, should find the indispensable ingredients and adopt strategic approach to Human Resource Management, including education and training, systematic coalition, information utilization and sharing. It will also look into the current World Customs Organization's efforts in integrating capacity building and leadership and management development into the WCO Capacity Building Compendium.
