Testimonials

Joseph W. Brady, CCIM, SIOR

I met Seth Neistadt nearly 10 years ago through his involvement with the Apple Valley Chamber of Commerce. Joseph W. Brady Inc dba The Bradco Companies, Coldwell Banker Golden West Real Estate, Alliance Management Group and The Bradco High Desert Report hired him in the last year to take our web site, social media newtwork to the next level. Seth is one of the most knowlegable individuals I have ever met that truly understand the web, web designs, social media etc. He also cares deeply about the area he lives and wants to do whatever he can to make it a better place to live, work and do business.

He is a forward thinker and can challenge those around him. Seth ; Congrats on all that you deserve. I enjoy our friendship

Mike Nutter

I've had the pleasure of working with Seth on several occasions, with superb results. Very few professionals in the IT/Social Media arena "get it" quite like Seth and his knowledge and experience are second to none. From website design to social media strategies, Seth's methods are unique and always on the cutting edge.

Technological resources abound in today's marketplace however, very few of us know how to leverage this technology to its full capacity; that is where Seth comes in.

If you're interested in gaining valuable insight into the world of social media or you're simply interested in how to create a website that is commerce driven, I would highly recommend Mr. Neistadt.

Ginger Ontiveros

Seth understands the needs and challenges of non-profit organizations in their quest to establish a dynamic online presence. He and the products he developed are the reason that our organization's website works so well for us. He helped us to create the template and then equipped us with the most user-friendly website management system I have ever experienced. And when we need a little extra help, Seth is responsive, collaborative and brilliantly creative. We are fortunate to have him on our team.

April Tyler

I have worked very closely with Seth for several years and have been greatly impressed with knowledge and expertise. I can ask any question about our website and he has given me practical solutions.

Ronald N. Wade

Seth is one of the smartest, extremely creative, business oriented, computer knowledgeable, young man I have ever known. At the same time he is very honest, family oriented, and dedicated to his family and job. In my over 30 years of managerial experience, and having hundreds of men working for me, Seth rates at the very top of the list, and is an asset to any company at top level positions.

Judith Gargyi

Seth has always been a leader for education in our community. He shows this caring through his support of our Alliance for Education. We value and appreciate his contributions of time and talent to the programs we organize for High Desert youth such as the annual 3C's Annual Conference Event at High Desert Church for 500 students. Seth was a keynote speaker for this event in 2010, and played an instrumental role in securing the venue. Seth is the person to know when it comes to entrepreneurship, technology in the new economy and social media in The Thank You Economy.

Nyesha Loyd

I would recommend Seth Neistadt of Axiom Media. They specialize in websites and other online applications. Their customer support and great marketing skills make them a GREAT team!
