Accomplishments

Featured Artist

Chalk Urban Art Festival, The southern hemisphere's largest chalk festival, held annually in Australia, featured Shaun Hays' 9/11 Tribute in chalk for the 10 year anniversary of the attacks in NYC. The video of the performance was used to promote the festival online.

Master Chalk Artist

Shaun helped to develop a new presentation style of high energy, fast moving chalk artistry in 1998. His colleagues have called him "The Ninja" and "The Jedi Knight of Chalk Art".

He is the Chicago Chalk Champ and is featured at high profile Chicago Lakefront Properties such as McCormick Place and Navy Pier.

He has artwork displayed in over 100 cities across the US.

World's First

Shaun Hays is the only 3D chalk artist that has ever been allowed to do 3D chalk art in Chicago's McCormick Place. While there in the fall of 2012, Shaun included the Worlds First 3D Chalk Art (functioning) QR Code! Many thought the task impossible, but Shaun's colleagues told the groups sponsoring the cutting edge marketing "If anyone can do it, Shaun Can!" The crowds were amazed when phones and iPads picked up the code and took them to a website developed just for that occasion.
