

# **Simon J Anderson**

**Strategic Foresight Consultant and Speaker at Venture Foresight,  
LLC**

Minneapolis, MN, US

Keynote Speaker | Strategic Foresight Consultant | Award-Winning Author

---

## **Description**

Simon J. Anderson is an international futurist speaker and emerging technology and trends consultant. He is also the founder of Venture Foresight, a company dedicated to helping leaders and organizations be more future resilient.

Mr. Anderson co-authored the 2014 Bellwether Award winning book Foresight 20/20: A Futurist Explores the Trends Transforming Tomorrow and the 2015 "Updated & Expanded" Edition with fellow global futurist Jack Uldrich.

As a key member of the international organization Communities of the Future, Mr. Anderson works to promote and facilitate "future" thinking in communities around the world.

Having traveled to more than 25 countries, Mr. Anderson brings a global perspective to his work, which has been featured in numerous publications including the World Future Society's monthly newsletter, "The Futurist" and the Austrian management magazine the "Hernsteiner".

## **Sample Talks**

### **Using "3A Thinking" to Be More Future-Resilient**

Futurist Simon J. Anderson spent years developing his "3A Thinking" approach to recognizing and understanding significant emerging trends and technologies. In this keynote, he shares this powerful way of thinking about the future differently. Participants leave this presentation equipped to spot important trends, think about ways that these trends could impact the near future, and with actions that they can take that day to be better positioned to thrive in our fast-moving future.

### **Emerging Opportunities: Recognizing the Technologies and Trends Transforming Your Industry**

This customized keynote takes a thought-provoking look into the near future of your industry. It helps leaders recognize important trends and technologies that are reshaping the industry, and provides new approaches to anticipating the opportunities and challenges that these advancements could create. Topics to be covered include the impact of generational trends, workforce and workplace trends, and a variety of important emerging technologies. Lastly, you will learn specific actions and next steps that you can take right away to make your organization more future-resilient.

### **Creating an Organizational Culture that Will Survive and Thrive in the Future**

Are you experiencing difficulties attracting and retaining Millennial talent? If so, you're not alone. Finding qualified workers who are going to stick around for a while is a chief concern among many executives today. This keynote helps leaders understand how trends and technologies are reshaping the workforce and workplace today. Topics include generational trends, automation, consumer trends, specific emerging technologies.

## **Testimonials**

**Jamie Breen**

“Thank you so much for presenting as a keynote speaker at the Executive MBA Council meeting in Seattle. Your session garnered rave reviews - everyone to whom I spoke commented on the depth of your analysis and the thought you put in to relate to our industry's drivers. I walked away with a great deal to think about personally, and I've shared your insights with my team, along with the challenge for us to be more future-focused and future resilient.”

**Steve Gido**

“Simon delivered an informative and engaging keynote session on “Change is Coming - Understanding Relevant Emerging Technologies and Trends” at our 2017 Growth Conference in Naples, Florida for our architecture and engineering attendees. He discussed 7 major themes that will impact our society and did a great job of relating specific technological advancements in the building, design and construction space, which was well received. Highly recommend for other conferences and events!”

**Jack Uldrich**

“Simon is the brightest young futurist I know. I rely heavily on his outstanding ability to identify significant emerging technologies and trends, and have come to depend upon his keen understanding of how these trends will affect business in the future. As my reverse-mentor, his contributions and insights have proven invaluable.”

**Edward F. Manzi, Jr**

“Simon’s presentation was insightful and eye-opening. He gave our Board of Directors and our Management Team a lot to think about throughout our strategic planning process. I highly recommend him.”

**Daniel S. Feder**

“Simon Anderson was a keynote speaker for the 2016 annual Midwest Fall Educational Conference for the ISM (Institute for Supply Management). Simon gave an eye-opening presentation that allowed us to look at near-future trends that will impact our profession across all industries. He was engaging, entertaining and provided actions that we all can use to be more future resilient!”

**Kyle Jolly**

“Simon’s ability to spot technology and business trends years before mass media or big business has always amazed me, he is my go to for anything and everything that requires forward thinking and insight. He not only gets into the topic or discussion but over around and above, he is incredibly thorough and has the ability to communicate his perspective from many angles.”
