

Steve Gilbert

Department Chair and Professor, Department of Information, Risk, and Operations Management at The University of Texas at Austin, McCombs School of Business

Austin, TX, US

Understanding the latest issues in supply chain and product & operations management

Description

Stephen Gilbert is the Sam P. Woodson Jr. Centennial Memorial Professor in the Department of Information, Risk, and Operations Management. His expertise centers on supply chain and production and operations management. His recent research includes such topics as channel structure, supplier encroachment, optimal pricing, and durable products. Steve is on the editorial boards of some of the most prestigious journals in his field, for which he has won numerous meritorious service awards. He teaches supply chain and operation courses--both core and elective--across all the major programs (BBA, MBA, PhD) at the McCombs School of Business.

Testimonials

David Wenger

Steve Gilbert is a supply chain and production/ops guru. Whether exploring pricing strategies, consumer usage, leasing vs selling of durable goods, or the wisdom of making one's product incompatible with others', he's insightful and a delight to talk to.
