Operations - Softlayer An IBM Company

Biography

Talal Abbasi is a Data-Center technician at Softlayer - An IBM Company, France. He studied Bachelors in Business Administration at Paris School of Business and International Business Finance from Schiller International University Paris. Apart from Business, he studied Pre-Engineering and his military cross-examination at Cadet College Petaro - Pakistan. He manoeuvred TCC (Technical Cadet Course) in Pakistan Army. He started his career in I.T with the passion of network project based on FTP protocol which lead him on his achievement. He holds 4 years experience in Information Technology associated with Network and Security Analyst and 2 Years in Business Management. He acquired experience in system provisioning and Cloud Computing. He worked on various positions in business management and interacted with Level 3, Colt, Equistone, Baker Hughes, Atos, Vertu, Covance, Dematic Europe, Hexanet and Next Model Paris. Apart from Information communication and Technology, he is passionate of Psychology, Current Affairs and Art. He also prefers to write Articles and minor Research papers on focused topic in his weekends. He is skilful Glass and Mirror painting with acid technique which he began in collage days. He inclined to read books authored by Stephen M.R Covey, Jack Welch, Gerard I Niereberg, Francis L. Wellman and Iqbal S. Hussain. He never holds any awards or certification of appreciation or being outstanding in competitive environment from his primary school, but he has greater self-efficacy in his skills and knowledge experiences he gained so far being a 'normal' person; rather than being 'Superhuman'.
