

# **Thomas C. English**

**Invention Advisor at Circuit Seed**

Costa Mesa, CA, US

Tom English is an expert in applied research and engineering in time and frequency related areas

---

## **Biography**

Applied research and engineering in time and frequency related areas. Emphasis has been on atomic standards, especially rubidium clocks (including product and manufacturing process development).

Basic research in the areas of atomic and molecular physics with emphasis on experimental molecular beam spectroscopy, laser spectroscopy of atomic beams and optical pumping, including initiation and supervision of such research.

---

## **Areas of Expertise**

Laser Spectroscopy, Rubidium Clocks, Atomic Physics, Invention Advisory, Electrical Engineering, Molecular Physics, Molecular Beam Spectroscopy

---

## **Education**

**Lafayette College**

B.S. Physics

**University of Michigan**

M.S. Physics

**University of Michigan**

Ph.D. Physics

**Harvard University**

Postdoctoral Fellow

---
