Biography

I help entrepreneurs who want to make a lot of money while making the world a better place to Profit with Principle.

I have been coaching ethical entrepreneurs since 2002. In practice, that means training, planning, brainstorming, guiding, cajoling, inspiring, befriending, listening and occasionally butt kicking.

I was with one of the world's largest business coaching companies and was their top Canadian business coach for 6 years.

For me, it's about helping those who want to make a lot of money while making the world a better place to profit with principle.

I'm also a recovering lawyer, a serial entrepreneur, a college professor as well an actor and theatre director. In addition, I serve on the boards of The Funding Network and Street Kids International.
