---

## Sample Talks

### Serious Gaming and why business leaders should pay more attention to it

Business leaders are still skeptical about Serious Gaming, although it is an internationally growing tool in adult learning applications.

This presentation is an informative look at the current "state of the game", from a business leader's point of view.

---

## Education

### University of Pretoria

B.Admin International Relations

### University of the Western Cape

M.Com (in process) Information Management
