

Yue Zhang, Ph.D.

Associate Professor, Department of Biomedical Engineering at VCU College of Engineering
Richmond , VA, US

Dr. Zhang's research topics include bone biology and regeneration, cartilage biology and nimal models of musculoskeletal conditions.

Description

Dr. Zhang's research topics include bone biology and regeneration, cartilage biology and nimal models of musculoskeletal conditions.

Industry Expertise

Research, Education/Learning

Topics

Bone biology and regeneration, Cartilage biology, Animal Models of Musculoskeletal Conditions

Affiliations

Education

Pennsylvania State University, College of Medicine
Postdoctoral Bone and Cartilage Biology

University of Pavia, Italy
Ph.D. Genetics

Beijing Agriculture University, China
B.S. Biochemistry
